Professional Summary

AI and Data Science enthusiast with hands-on experience building end-to-end projects in Machine Learning, Computer Vision, Natural Language Processing, and Data Analysis using Python. Passionate about developing AI-driven solutions to solve real-world problems and continuously expanding my skills through practical projects and lifelong learning. Seeking an AI/ML Internship or Junior AI Engineer position where I can contribute while growing in a collaborative environment.

Technical Skills

Programming

Python, SQL

Machine Learning

Scikit-learn, Machine Learning

Computer Vision

OpenCV, YOLOv8, MediaPipe

Software Development

Git, Object-Oriented Programming (OOP)

Data Science

NumPy, Pandas, Matplotlib, Exploratory Data Analysis (EDA)

Deep Learning

TensorFlow, PyTorch

Natural Language Processing

Sentence Transformers, FAISS, DeBERTa, NLP

Selected Projects

Scientific Claim Verifier & Evidence Explorer

- Developed a CPU-friendly scientific claim verification system using FAISS semantic search, DeBERTa NLI, and evidence retrieval from six scientific databases.
- Supports bilingual English/Persian verification with automatic translation.

Instagram Attractiveness Scorer

AI-powered desktop application for evaluating Instagram photos and videos using Computer Vision, YOLOv8, and OpenCV.

Digikala Sentiment Analysis

Built an end-to-end Persian sentiment analysis pipeline using Deep Learning and NLP on 150K customer reviews.

Semantic Movie Recommender

Developed a semantic recommendation engine using Sentence Transformers, vector embeddings, and natural language search.

USA Crime & Socioeconomic Analysis

- Performed exploratory data analysis to investigate relationships between crime, education, poverty, unemployment, and demographic factors.

More projects are available on my GitHub portfolio.

Certifications

Python Programming Tehran Institute of Technology (MFT)	Data Analysis with Python Tehran Institute of Technology (MFT)	Machine Learning with Python Tehran Institute of Technology (MFT)
Computer Vision & Image Processing Tehran Institute of Technology (MFT)	Deep Learning with Python Tehran Institute of Technology (MFT)	Natural Language Processing Tehran Institute of Technology (MFT)

Education

B.Sc. in English Language and Literature , <i>Kharazmi University</i> GPA: 18.47/20	2020 – 2024
High School Diploma – Mathematics , <i>Efaf Gifted High School</i> GPA: 19.52/20	2015 – 2019

Languages

Persian Native	English Professional Working Proficiency
